FOREWORD

College is an amazing experience, shooting sparks of surprise and joy into our memories for all the years to come. Perhaps that's why again and again we shall turn the pages of the 1967 REVELEER and know that the records and photographs of this year will once more turn a brief spotlight on the people we knew and the things we did. The private details, those that only the book of the mind can contain, we shall fill in for ourselves--all the vast multitude of good feelings and bad, the personal failures and triumphs, the small moments that stand in bold relief against the bright, glowing memory of one year. But THE REVELEER can help remind us of the work, the frustration, the success, the pleasure, and the wonder that made Gaston College important for us.

SPORTS

FEATURES CLUBS

Who in the heck is Beowulf?

QUIET . . ROWDY . . CAREFREE . . AND GAY . .

Cool it, baby!

36---36---36!

Tree of knowledge!

Gaston College is, most of all, a place to work. The assignments come in ever-increasing numbers. Each week, the textbooks must be read, the problems must be solved, the papers written, and the laboratories completed. Then blue Monday comes again, and with it comes once more the work of learning.

Let's don't get T-E-C-H-N-I-C-A-L!

Who's behind the 8-ball?

"Something old

BUT UNDERNEATH IT . . . WE WORK . . .
WE WORRY . . . THROUGH TWO YEARS
TO LEARN THE MEANING OF . . .

Gaston College

Something new
 Something borrowed

Something blue."

What do you mean by "operator"?

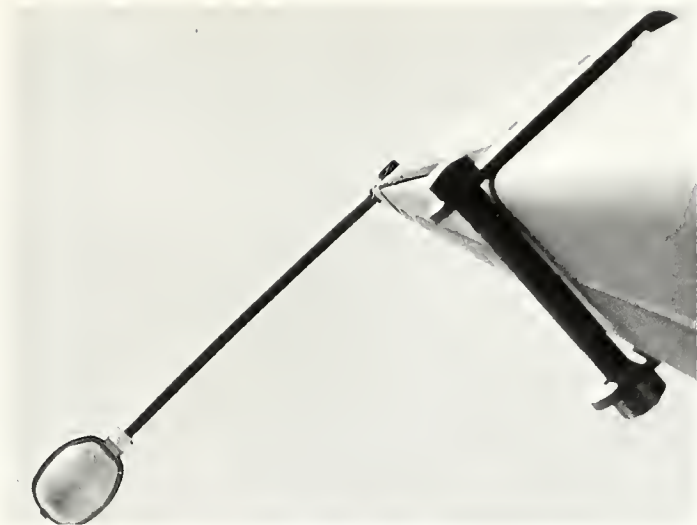

With the work comes the inevitable frustration of more to do and less time to do it well. As the weeks grow into months, the quizzes are scheduled and the term papers come due, and finally, the ultimate frustration of worrying through the long days and sleepless nights of final examinations, the half fear that maybe it isn't worth the effort.

Smile! You're on Candid Camera!

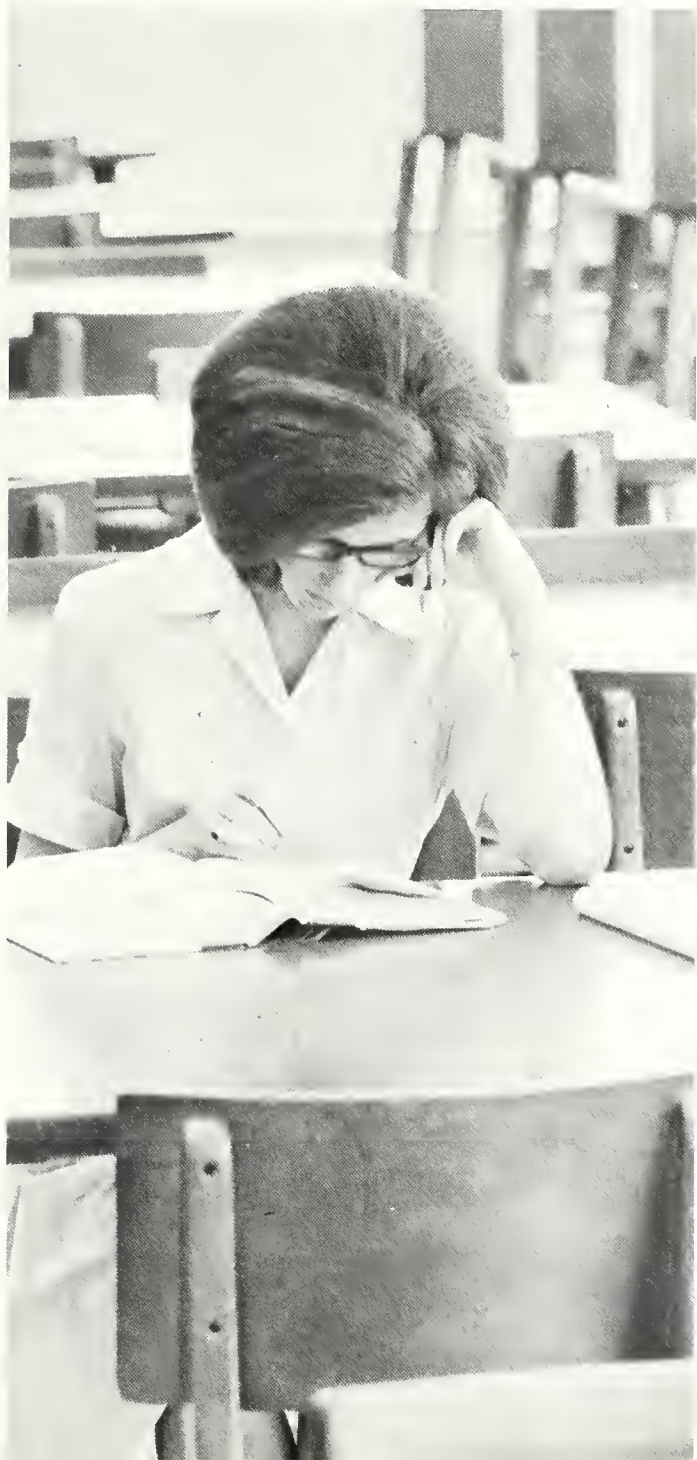

Dear Dr. Benson, I am running away . . .

But the answer arrives at last in the semester grades --some, if not all, of the work and frustration have been crowned with success, perhaps even a healthy boost in quality points. For those who see beyond the last Gaston College grade report, this success stretches far into the future. After all, success has a way of breeding more success.

Take me to your leader!

There's one in every crowd!

What class is this?

Research!!! Research!!! Research!!!

Surprise! I knew that one!

Do you have anything smaller?

The usual, please!

I can handle the chips--it's that "stuff" that worries me.

All that Gaston College means to us, however, isn't contained between the covers of the books in the library or in the endless lecture notes that we took. For every formula or definition we recall, we remember as well a wild Watusi at the fall dance, the witches' brew and haunted house of our first Halloween carnival, a private smile from the stage at the December beauty pageant, a few good jokes in and out of the classroom, all of the big and little pleasures of a college year.

You mean I don't get any change back?

Which is it, Kid? Six months on the road or emptying the Kitty litter at my place for one week!!!

Why didn't y'all tell me about the party?

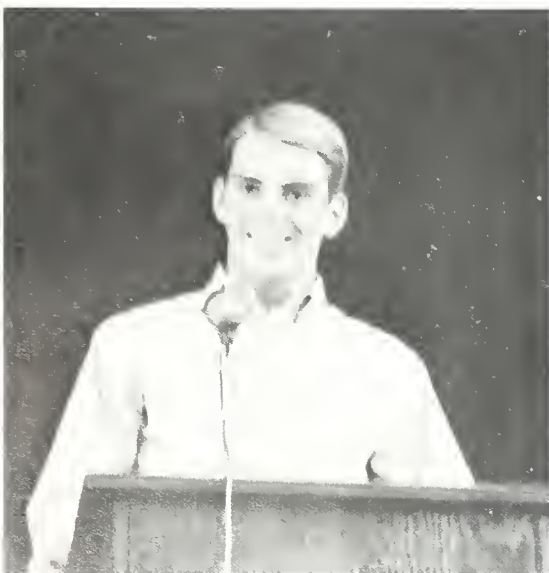

Would you believe

Kisses sweeter than wine!

Hi there, fans . . .

And then I was almost persuaded!

39-23-37?

Anyone for dancing?

Buy in quantity (quality?) and save.

Look Ma, no sleepers!

We look back at Gaston College, 1966-67, with a sense of wonder that so much was accomplished--a magnificent new building a vitalized student government, an expanded program of social activities. A year of hard work, a year of some frustration and some success, a year of pleasure--and a year of wonder that so much could happen so quickly.

THAT Teague really gets around!

S-L-E-E-P-O-L-O-G-Y!!!!

Confusion! Confusion! Confusion!

Oh, no, you don't mean I failed underwater basket-weaving 231.

ADMINISTRATION

ACTING PRESIDENT AND DEAN OF INSTRUCTION

To The Student Body:

As the years pass by, our memories filter out most of the daily frustrations, annoyances, and failures, and like a college annual, record and retain the gratifying experiences and accomplishments of any given period of our life. We hope that your days at Gaston College will not only be associated with pleasant recollections but also with the growth of a sense of personal identity and worth, the acquisition of self discipline and confidence, and the development of skills and hosts of valued friendships with your peers, your college faculty and staff.

WE

To a woman who is well-known on the Gaston College campus . . . one who stands constantly ready to aid those who call upon her . . . to one whose understanding, unselfishness, patience, genuineness, and humility have made her beloved by the students . . . we fondly and respectfully dedicate this REVELEER to . . .

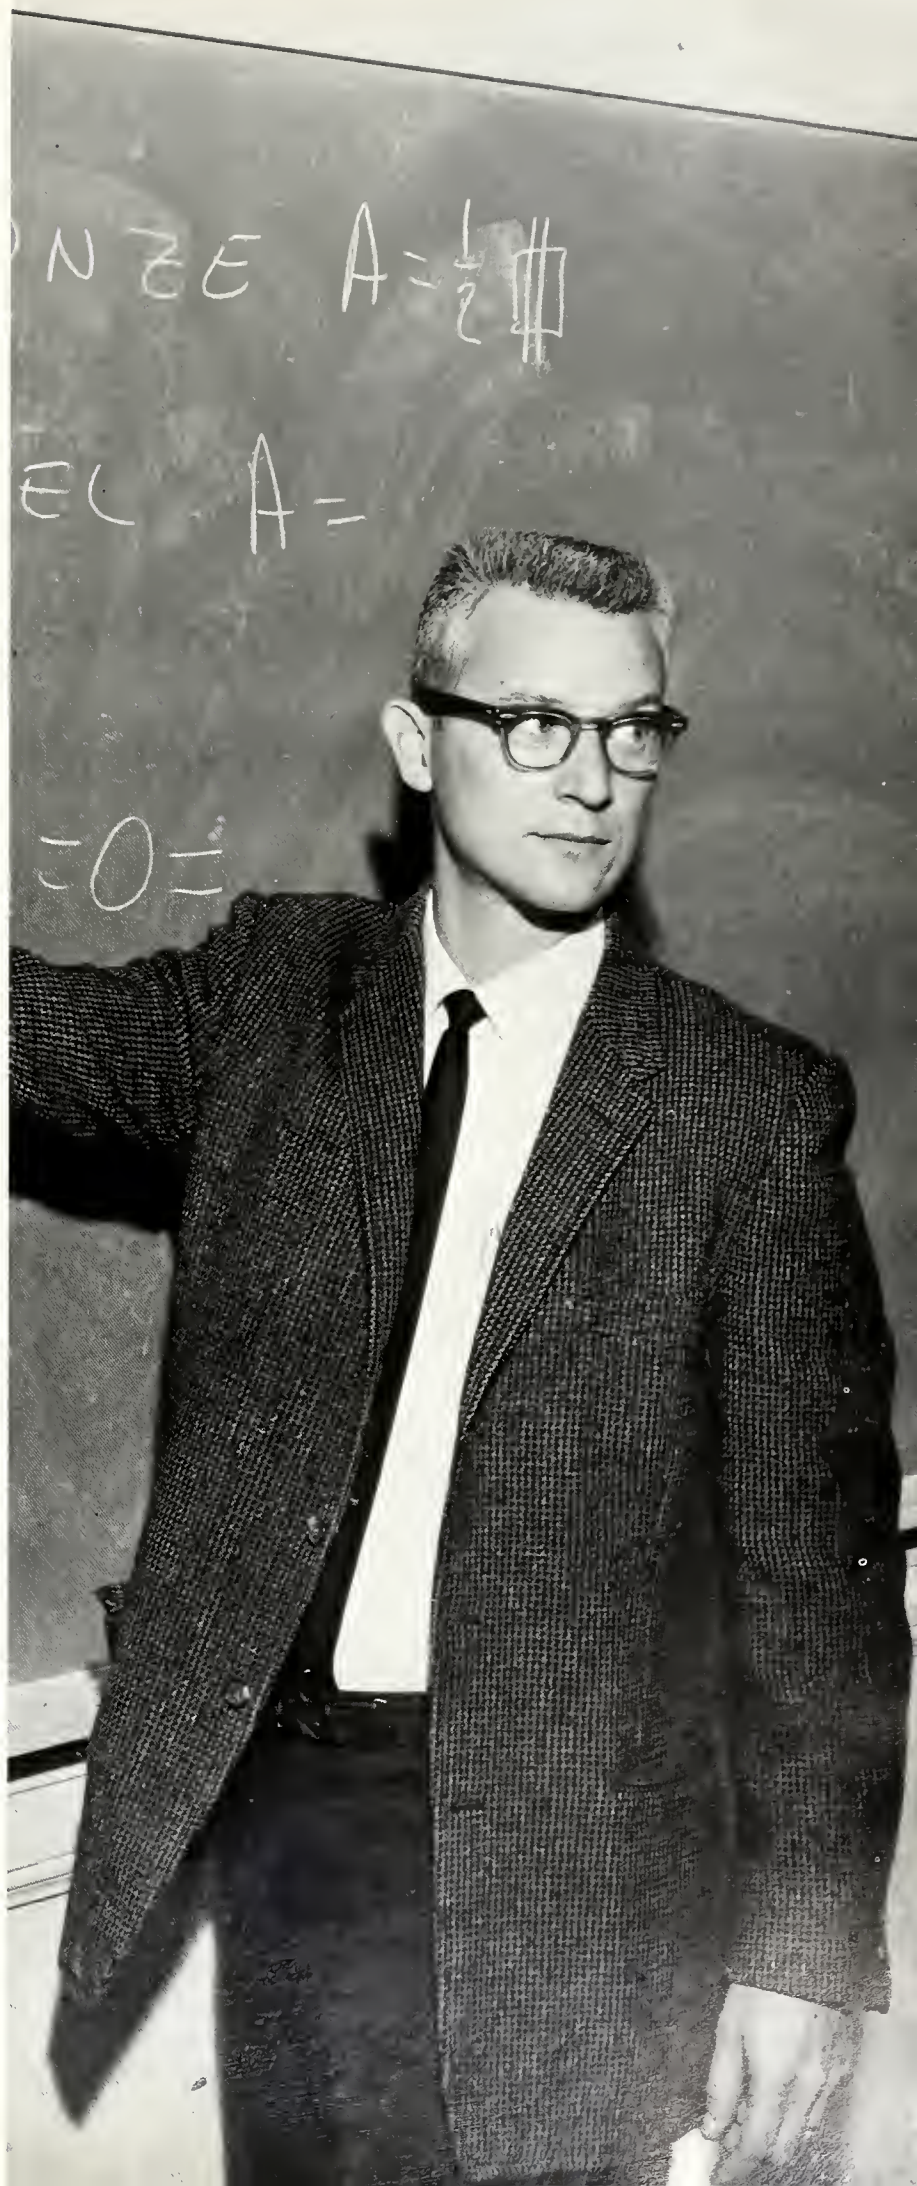

--Dr. Sophie Fischel

DEDICATE

Because of his untiring efforts for the promotion of Industrial Engineering at Gaston Tech . . . because of the inspiration he offers to all who know him . . . because of his leadership and guidance . . . we fondly and respectfully dedicate this REVELEER to . . .

--Mr. Russell Keck

W. Robert Halstead
Vice President and
Dean of Technical Education

To the Members of the Graduating Class of 1967:

You have attended Gaston College during a most eventful period. Even though you will be the first regular graduates since the college became a part of the community college system, this will be the second annual commencement of the college and, if the previous graduates of the Gaston Technical Institute are included, the ninth annual commencement for graduates of the technical division.

You came to us in the months immediately following the merger of these institutions and have been with us long enough to see the erection of the new technical-vocational building complex. Since you will be the first group to occupy these new buildings, we hope you will feel that the buildings are yours and that you will take an active interest in the college, as we will in you, during the exciting years ahead as you face the business of life.

Congratulations and best wishes from all of us to all of you.

IN MEMORY

"Remember"

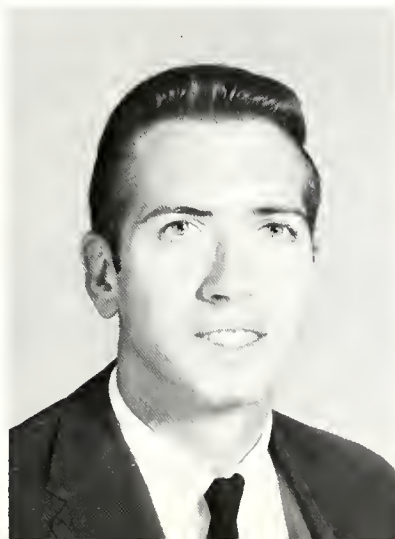

Remember me when I am gone away,
Gone far away into the silent land;
When you can no more hold me by the hand,
Nor I half turn to go, yet turning stay.
Remember me when no more day by day
You tell me of our future that you plann'd:
Only remember me; you understand
It will be late to counsel then or pray.
Yet if you should forget me for a while
And afterwards remember, do not grieve:
For if the darkness and corruption leave
A vestige of the thoughts that once I had,
Better by far you should forget and smile
Than that you should remember and be sad.

Well, this is it--the second volume of THE REVELEER. This book is the output of nine months of hard work, concentration, determination and sacrifice. Within these covers is a combination of creative ideas, practical knowledge, and literary ability. This is your glance back or memory of the year 1966-67 at Gaston College and Gaston Technical Institute. We hope it will prove to be a complete captivation of that year and the memories it holds for you.

Additional attractions in this year's REVELEER include color pictures, enlargements of various sections, and a standard size college book. Behind each picture, caption, layout, and article is an endless combination of thought.

SPONSORS
Mr. Sam Phillips, Mr. Clyde McCants

Though the production of this book involved seemingly endless hours of work, it proved to be an experience which will not be soon forgotten by members of the staff. Its success depends upon its acceptance by you and the public.

This yearbook is a production of co-operative dedication. It is not the single efforts of one individual. Special thanks are extended to Dale Goins, Pat Bailey, Sharon Avery, Dorothy Baker, and Becky Welch for the extra time and effort they have contributed to make this publication possible. Mr. Sam Phillips and Mr. Clyde McCants are to be commended for their advice and guidance in making this yearbook journalistically correct, unique, and comprehensive.

Your satisfaction with our product will be our reward for the work required for this production.

Our Name —
Our Policy

You say there is no spirit at Gaston College? Just you try to change the name of the student newspaper! Alumni and Sophomores alike rushed to the defense of the paper which, bearing the name GAS LIGHT, had served and published the college well.

Over thirty-five entries were submitted in the recent contest but none, in the opinion of the staff, surpassed its original name. So proudly we continue GAS LIGHT and, as has been done in past editions, dedicate our journalistic efforts toward furthering the outstanding image the college is building in the state and nation. True, criticism may be expressed from time to time but it too will be written in a spirit of friendliness in hopes of strengthening academic and student life on the campus.

The student assistants in the library have a club called "The Pages." Other students who are interested in the library may join.

The purpose of this club is to train students in the use of the library and to promote interest in the library.

The club meets regularly on the fourth Thursday in each month at 12:30 P.M., and has at least two social events during the school year.

COLLEGE CHORUS

Linda McClinton, Pat Holbrook, Louise Hollis, Sandra Bumgardner, Judy Land, Chris Heaton, Mr. Durrance, Sonny Willis, Bobby McDowell

The only active music organization at the present time is the college chorus, which is under the direction of the music faculty. This group is in its early stage of development and has made few public appearances, none of which involved any monetary outlay. Presently the chorus is the only public performing group, and no attempt has been made to evaluate its educational value to the participating students. The chorus is not under the auspices of the Student Government but is a part of the academic program of the college.

INSTRUMENTAL

The chairman of the music department has organized a college instrumental group, which will perform at college activities, such as athletic events and public concerts.

The Dolphin Club is a girls' service club sponsored by the Pilot Club of Gastonia. The objectives of the club are to serve the community, to promote friendship and service, to develop initiative and leadership, to provide experiences in working together, and to practice useful citizenship.

Cherylle Phillips

The selection of the Outstanding Students is a recognition of distinction and leadership in some phase of collegiate activity. Their interest in education is shown by the fact that each outstanding student maintains a "B", or better, average. These students have also participated in the Civil Club, Gamma Beta Phi, Student Government, Inter-Club Council, Tau Alpha Pi, Annual Staff, Dolphin Club, ASTME, and IEEE.

STUDENT LIFE

"No, I have not been tested!"

"Reincarnation! Quien Sabe!"

"Did you lose something?"

"And then I took off her . . ."

"Goblin! Spook! Witch!"

"My Fair Lady"

"Spiked? Ask Sophie!"

"And thus endeth the game!"

"Hello, Dolly!!!"

"All alone am I!!!"

"Original--Creative--Maladjusted!!!"

**"SEATS OF MY YOUTH, WHERE
HOW OFTEN HAVE I**

**WHERE
HUMBLE HAPPINESS**

EVERY SPORT COULD PLEASE;
LOITERED O'ER THY GREEN,

ENDEARED EACH SCENE!"

Goldsmith

"Ready or not, here I come!"

"Just call me COY!"

"The downward view!"

"Now about athletes' feet . . ."

"Maybe if I ignore them,
they'll go away!"

"Maybe it'll seep through your head!"

"One more step and I'll throw it in your face!"

"K.P. Duty!"

"Oh, you say the cutest things!"

"Hmm, peppermint!"

The room I go to class in
A new building, a street
President Benson
And all the friends I meet;
The students crossing campus,
The faces that I see;

All races, all religions . . .
That's Gaston College to me.

The student center where I study,
 The classmate by my side,
 The classroom or the dance hall
 Where my friends have laughed and cried
 The "hi" and the handshake
 The air of feeling free;

The right to speak my mind out . . .
 That's Gaston College to me.

"Egad! Don't remind me!"

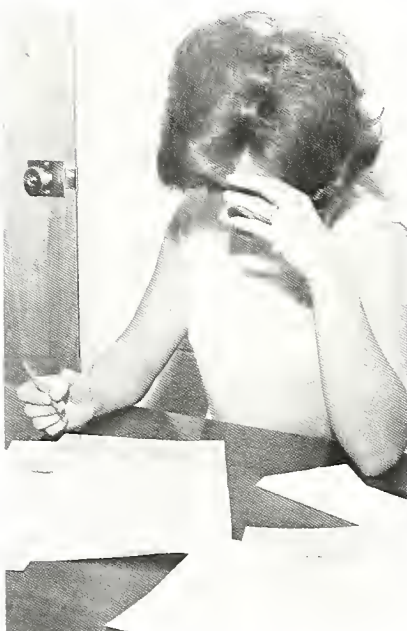

The things I see around me,
The big things and the small . . .

The street lights in a rainstorm
Or the Soda Shop at noon;

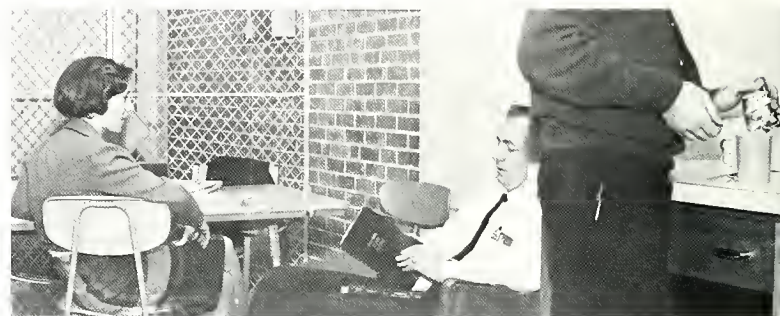

"Pshew!"

"Coffee 111!"

"The things we go through!"

The gym class and exam time,
The million tasks I see
But especially the people . . .
That's Gaston College to me.

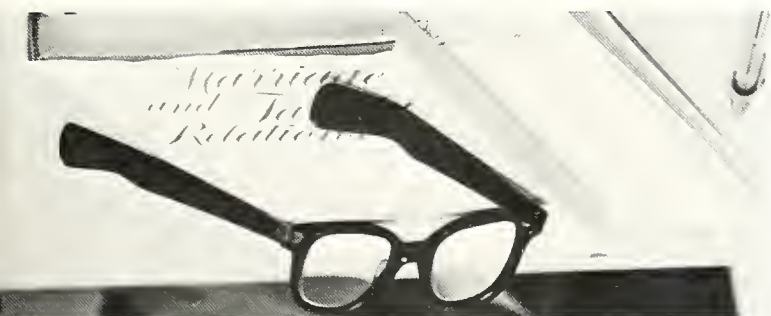

"How about that?"
"Professor Who?"

"This thing called work!"

"I wonder if he'll operate?"

"Now don't tell the Dean, but . . ."

Respect for learning . . . the hum of classroom activity . . . a search for unknowns . . . questions . . . elusive answers . . . the elation of discovery. Frustrations . . . term papers . . . quizzes . . . exams . . . The steady tempo of typewriters . . . building with our hands . . . self-evaluation in psychology . . . the study of color and form. Creative thinking . . . vocabulary drill . . . the wonderful world of classics . . . balancing equations . . . dreaded memory work. Appreciation for the past . . . anticipation of the future . . . new vistas of understanding.

"It's the only way to read a book!"

"Which one has the Toni???"

"Impossible!!!"

"You'll never finish your term paper this way!"

"Sarge's delicatessen!!!"

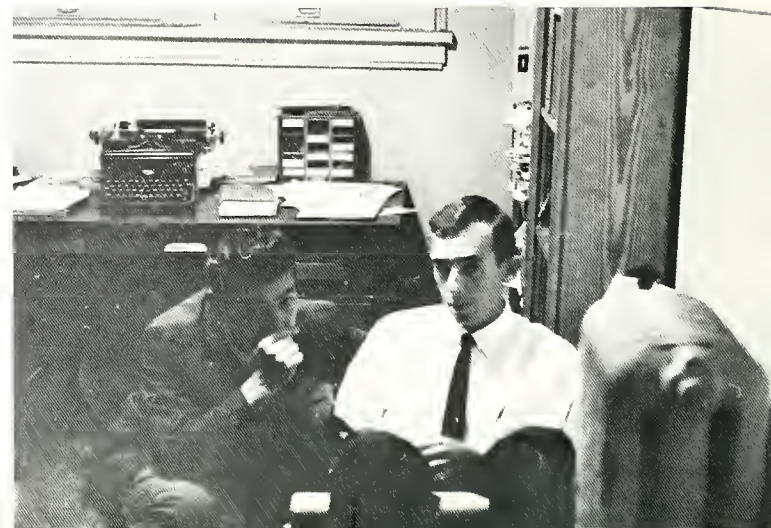

"Who sez Tech is all study???"

"Lord what fools these mortals be!"

"What's the huddle all about?"

"It takes all kinds!"

"Things can't be that bad!"

"The door to knowledge!"

"Almost Almost Almost I hope!"
